## **CLARIFICATION**

- **Annual remote support and updates subscription after 1<sup>st</sup> year cost 15% of software regular price, (for example 500 x 15% = €75)**
- **Annual subscription is obligatory only if software uses internet-based modules, such as e-shop connector and SMS modules.**
- **If more than one annual subscriptions have not been paid, customer must pay all pending subscriptions, before renewing his annual support subscription.**
- **Software can be installed and used in many machines with no extra cost, but only by a number of users that corresponds to the number of software licenses bought.**
- **Any additional software license for Windows machines cost 50% of the first license bought.**
- **Permanent licenses can only be given if customer has settled up all costs.**
