

## RESELLERS PAYMENT POLICY

- All software versions can be used for free by the customer for a 30 days period.
- Our prices include free remote support and software updates for 1 year.
- Our software never locks down after purchase.
- Reseller profit percentage:
  - Reseller profit percentage is 40%, if annual profits are equal to €4.000
  - 25% reseller profit percentage is given immediately after each software license sale.
- Software installation and customization cost is estimated by each reseller, without our permission.
- At the occasion when software installation and customization is held by our company, our reseller earns 25% of the total installation cost, if present by their customer's machine.
- Reseller profit percentage is 25% of the annual support subscription.
- Reseller is responsive for any information and notice given to their customers about annual subscription cost.
- Our resellers always contact us for free in terms of our software support.
- Any additional customization is upon request.
